

TESCO

BROKEN PROMISES!

Every Little Hurts...

KEY ISSUES IN THIS DISPUTE:

1. TESCO breached the 2006 agreement which gave you stability and consistency in your income.
2. TESCO slashed hours in 19 stores below their agreed bands costing some workers over 100 Euro a week.
3. TESCO are blatantly using the recession to reduce your living standards in pursuit of extravagant profit margins.
4. TESCO made approximately 250 million Euro in profits last year in Ireland alone and 3.1 Billion Euro internationally.

Strike action in 19 TESCO stores commences on Thursday 2nd July 2009. Demonstrate your support for these brave MANDATE members by contacting your local shop steward and joining our DEAL OR NO DEAL campaign!
